

ORANGE WALK SOUTH

Polling Area No. 63

Commencing at a point the said point being the confluence of the Rio Bravo/Blue Creek and the Rio Hondo; thence downstream the Rio Hondo to a point, said point being on a track/property boundary near Gold Button Ranch; thence easterly along the said track to a point, said point having a scaled UTM coordinate of 316 074 meters east and 1981 539 meters north; thence south along a track for an approximate distance of one kilometer to a point; thence east along the said track for an approximate distance of one kilometer to a point; thence south along a track for an approximate distance of 2.5 kilometers to a point, said point being on a survey property boundary; thence east along the said boundary to a track; thence south along the said track to the Indian Church/San Felipe Road; thence westerly along the said road for an approximate distance of one kilometer to a point; thence south along a survey property boundary for an approximate distance of seven kilometers to a point; thence westerly along the said boundary for a distance of three kilometers to a track; thence generally maintaining a westerly direction along the track to Rio Bravo; thence downstream Rio Bravo back to the point of commencement.

The afore described Polling Area No. 63 generally comprising the village of San Felipe.

Polling Area No. 63A

Commencing at a point the said point being the junction of the international boundary between Belize and Guatemala and the Orange Walk/Cayo District boundary; thence northerly along the said international boundary to its junction with a track coming from Sylvester Camp; thence easterly and passing Sylvester Camp to the La Milpa/Gallon Jug road; thence southerly along the said road to a track north of Gallon Jug; thence easterly

along the said track to its junction with the Gallon Jug/Hill Bank road; thence along the said road for an approximate distance of seven kilometers to its junction with a track; thence along the said track easterly then northerly to a road leading to San Felipe; thence along the said road for an approximate distance of five kilometers to its junction with a track; thence easterly along the said track for an approximate distance of twelve kilometers to a survey property boundary; thence northerly along the said boundary to the Indian Church road; thence southerly along the said road to its junction with New River Lagoon; thence across New River Lagoon to a point, the said point being on survey property boundary on the east bank of New River Lagoon; thence southerly, northerly then easterly along the said boundary to its junction with the Orange Walk/Belize District boundary; thence southerly along the said district boundary to the Orange Walk/Cayo District boundary; thence westerly along the said district boundary back to the point of commencement.

The afore described Polling Area No. 63A generally comprising the villages of Indian Church, Hill Bank, Chan Chich, Gallon Jug, Wahmil and San Carlos.

Polling Area No. 64

Commencing at a point the said point being the confluence of the Rio Bravo/Blue Creek and the Rio Hondo; thence upstream Rio Bravo to a point, said point being on the northeast boundary of a private reserve known as the Rio Bravo Conservation Management Area; thence northerly along the said boundary to the La Milpa Road; thence southerly along the said road for an approximate distance 11 kilometers to a track; thence westerly along the said track to the international boundary between Belize and Guatemala; thence northerly along the said boundary to its junction with Blue Creek; thence downstream along Blue Creek back to the point of commencement.

The afore described Polling Area No. 64 generally describing the villages of Blue Creek, Dos Bocas, Tres Leguas, Quatros Leguas, Rosita and all the settlements in the Blue Creek area north of the Rio Bravo Conservation Management Area up to Blue Creek.

Polling Area No. 65

Commencing at a point the said point being the confluence of the east branch of the Rio Hondo and a tributary of the said river west of San Lazaro; thence north along the east branch of the Rio Hondo for an approximate distance of 4.5 kilometers to a point, said point being on a survey property boundary; thence easterly along the said boundary to a point where it joins a track; thence continuing easterly to the Yo Creek/San Lazaro road; thence southerly along the said road for an approximate distance of 0.4 kilometers to a point on a road coming from Tower Hill; thence easterly along the said road for an approximate distance of 4.5 kilometers to a point at its junction with a major track; thence southerly along the said major track for an approximate distance of 5 kilometers to a point at its junction with a major track; thence west along the said major track for an approximate distance of 1.5 kilometers to a point on a survey property boundary; thence along the said boundary to a point having a scaled UTM coordinate of 325 767 meters east and 1992 303 meters north; thence northerly along the said boundary for an approximate distance of 5 kilometers and across the San Lazaro/Trinidad road to a point on a track; thence easterly along the said track; to its junction with a tributary of the east branch of the Rio Bravo; thence downstream the said tributary back to the point of commencement.

The afore described Polling Area No.65 generally comprising the villages of San Lazaro and Hill view.

Polling Area No. 67

Commencing at a point the said point being the intersection of the San Antonio Road/Yo Creek road and the east branch of the Rio Hondo; thence upstream the east branch of the Rio Hondo for an approximate distance of seven kilometers to a point, the said point being on a survey property boundary; thence easterly along the said boundary to a point where it joins a track; thence continuing easterly to the Yo Creek/San Lazaro road; thence southerly along the said road for an approximate distance of 0.4 kilometers to a point on a road coming from Tower Hill; thence easterly along the said road for an approximate distance of 4 kilometers to a point at its junction with a major track; thence north along the said major track to the San Antonio/Yo Creek Road; thence westerly along the said road and including the village of Yo Creek back to the point of commencement.

The afore described Polling Area No. 67 generally comprising the village of Yo Creek

Polling Area No. 69

Commencing at a point the said point being the intersection of the Rio Hondo and a track/property boundary near Gold Button Ranch; thence downstream along the Rio Hondo to a point having a scaled UTM coordinate of xxx meters east and xxx meters north and being on a survey property boundary ; thence southerly along the said boundary to the Trinidad/August Pine Ridge road; thence continuing in a southerly direction across the said road and along a track for an approximate distance of eight kilometers to its junction with another track west of Guinea Grass; thence southerly along the said track for an approximate distance of four kilometers to its junction with a track; thence westerly along the said track for an approximate distance of four kilometers to its junction with a track; thence southerly along the said track for an approximate distance of 2.5 kilometers to its junction with a track; thence westerly then southerly along the said

track for an approximate distance of 12 kilometers to its junction with a track; thence westerly along the said track and across the August Pine Ridge/San Felipe Road and along a track/property boundary near Gold Button Ranch back to the point of commencement.

The afore describe Polling Area No. 69 generally comprising the village of August Pine Ridge.

Polling Area No. 70

Commencing at a point the said point being the confluence of the east branch of the Rio Hondo and a tributary of the said river west of San Lazaro; thence upstream the Rio Hondo for an approximate distance of seven kilometers to a point, said point being on a survey property boundary and having a scaled UTM coordinate of xxx meters east and xxx meters north.; thence southerly along the said boundary to the Trinidad/August Pine Ridge road; thence continuing in a southerly direction across the said road and along a track for an approximate distance of eight kilometers to its junction with another track west of Guinea Grass; thence northerly along the said track for an approximate distance of five kilometers to its junction with a track; thence westerly along the said track for a n approximate distance of 3.5 kilometers to a point on a survey property boundary; thence southerly along the said boundary to a point having a scaled UTM coordinate of 325 767 east and 1992 303 north; thence along the said boundary for a distance of 5 kilometers and across the San Lazaro/Trinidad road to a point on a track; thence easterly along the said track; to its junction with a tributary of the east branch of the Rio Bravo; thence downstream the said tributary back to the point of commencement.

The afore described Polling Area No. 70 generally comprising the village of Trinidad.

Polling Area No. 71

Commencing at a point the said point being the intersection of the Orange Walk District Boundary and the Northern Highway; thence northerly along the Northern Highway for a distance of approx. 8 kilometers to a major track; thence southerly and westerly along the south-side of the said major track and the south-side of surveyed agricultural parcels to New River; thence downstream along the east bank of New River for a distance of approx. 0.75 kilometers to a point, said point being where a track produced to New River intersects the said New River; thence west along the said track to the Guinea Grass Road; thence north along the west side of Guinea Grass Road for an approx. distance of two kilometers to a major track; thence west along the south-side of the major track for an approx. distance of six kilometers to a major track west of Guinea Grass village; thence southerly along the said track for an approximate distance of nine kilometers to its junction with a track; thence westerly along the said track for an approximate distance of four kilometers to its junction with a track; thence southerly along the said track for an approximate distance of 2.5 kilometers to its junction with a track; thence westerly then southerly along the said track for an approximate distance of 12 kilometers to its junction with a track; thence westerly along the said track for an approximate distance of one kilometer to its junction with a track; thence south along the said track for an approximate distance of one kilometer to a point; thence east along the said track for an approximate distance of one kilometer to a point; thence south along a track for an approximate distance of 2.5 kilometers to a point, said point being on a survey property boundary; thence easterly along the said boundary to a track; thence southerly along the said track to the Indian Church/San Felipe Road; thence westerly along the said road for an approximate distance of one kilometer to a point; thence south along a survey property boundary for an approximate distance of seven kilometers to a point; thence westerly along the said boundary for a distance of three kilometers to a track; thence generally maintaining a westerly direction along the track to Rio Bravo; thence upstream Rio Bravo to a point, said point being on the northeast boundary of a private reserve known

as the Rio Bravo Conservation Management Area; thence northerly along the said boundary to the La Milpa Road; thence southerly along the said road for an approximate distance 11 kilometers to a track; thence westerly along the said track to the international boundary between Belize and Guatemala; thence southerly along the said international boundary to its junction with a track coming from Sylvester Camp; thence easterly and passing Sylvester Camp to the La Milpa/Gallon Jug road; thence southerly along the said road to a track north of Gallon Jug; thence easterly along the said track to its junction with the Gallon Jug/Hill Bank road; thence along the said road for an approximate distance of seven kilometers to its junction with a track; thence along the said track easterly then northerly to a road leading to San Felipe; thence along the said road for an approximate distance of five kilometers to its junction with a track; thence easterly along the said track for an approximate distance of twelve kilometers to a survey property boundary; thence northerly along the said boundary to the Indian Church road; thence southerly along the said road to its junction with New River Lagoon; thence across New River Lagoon to a point, the said point having a scaled UTM coordinate of 325 419 meters east and 1963 961 meters north, the said point being on survey property boundary on the east bank of New River Lagoon; thence southerly, northerly then easterly along the said boundary to its junction with the Orange Walk/Belize District boundary; thence northerly along the said district boundary back to the point of commencement.

The afore described Polling Area No. 71 generally comprising the villages of Guinea Grass, Shipyard, La Milpa and Backlanding
